

BIRTH INJURY

NATIONAL STATISTICS

No parents can properly prepare themselves for the emotional adversity they will face if their child is the innocent victim of medical malpractice resulting in a birth injury. Unfortunately, nearly 7 out of every 1,000 births results in an injury to the child. With this alarmingly high number of birth trauma incidents, doctors and hospitals must be aware of possible complications and must do everything in their power to prevent injury from occurring.

STATISTICS

- 3,932,181** Births per year in U.S.
- 28,000** Birth injuries per YEAR
- 2,333** Birth injuries per MONTH
- 8,000 to 10,000** Babies & infants diagnosed with cerebral palsy per year
- \$1,000,000 to \$5,000,000** Average lifetime costs for children with cerebral palsy

WHY CHOOSE SNYDER & WENNER

We know there are many law firms in Arizona that handle medical malpractice and birth injury cases. At Snyder & Wenner, your case is more than just a dollar sign. We truly care about protecting our community one case at a time.

It is important to ensure your child has the opportunity to be provided with the best medical care available for the rest of his or her life; it is also crucially important that hospitals and doctors are held accountable for their conduct so no other family ever has to experience the devastating physical and emotional harm your child and your family has been forced to endure. We do not rest until both of those goals are accomplished.
